SYSTEM AND METHOD FOR GEOGRAPHICALLY  
ORGANIZING AND CLASSIFYING BUSINESSES ON THE  
WORLD-WIDE WEB

The diagram shows an HTML document structure enclosed in a rectangular box. It includes standard HTML tags for the document type, head, and title. The body contains a list of company details: name, street address, city/state/zip, phone, and fax, each followed by a placeholder for data. A copyright notice is at the bottom. Three wavy lines with numerical callouts point to specific parts of the document: 600 points to the opening <HTML> tag, 602 points to the company name, and 604 points to the copyright notice.

```
<HTML>  
<HEAD>  
<TITLE>Company Name's Home Page</TITLE>  
  
Company Name  
Street Address  
City, State Zip  
Phone: ###-###-###  
Fax: ###-###-###
